

MONTICELLO MOTOR CLUB | 2019 INDIVIDUAL MEMBERSHIPS

Individual memberships are the preferred option for members joining alone, or for two family members, such as a married couple or a parent and child. Group membership, either "Family" or "Corporate", is the preferred option for three (3) or more individuals, of a family or company respectively, who seek membership privileges. Individual licenses are offered at two (2) levels of privilege:

Silver is our entry-level license considered by individuals who intend to bring a few friends, family, and colleagues to drive or entertain. More than 50 percent of Silver members have no prior track experience (but are up to speed quickly and may be racing, if that's the goal, within weeks) and are geographically dispersed. A Silver membership license is value-oriented for those living near MMC or across the country. Silver members may purchase additional Silver licenses for immediate family members at half the initiation fee and half the annual dues.

Gold membership licenses make up the majority of MMC members. This license provides unlimited driving, unlimited driver guest privileges, and unlimited driving instruction for no additional fees. Gold members also enjoy priority access to everything. Gold members may purchase additional Gold or Silver membership licenses for immediate family members at half the initiation fee and half the annual dues.

Non-members are limited to driving MMC not more than two (2) times per season (including immediate family who are not Club members) or five (5) times in any five (5) consecutive years (*with an exception for immediate family members, who may drive twice/season*).

All individual licenses expire in 2056 (but are referred to as "lifetime" licenses) and may be transferred to family members at any time for no additional fee. Financing options are available.
