

THE WORLD'S ONLY **SLEEP-AWAY TEEN MOTORSPORTS CAMPS**

Hosted at the World's Premier Automotive Country Club, Monticello Motor Club's Teen Camps arm teenagers with life-saving driving skills. Camps are small and exclusive, limited to a dozen students and a 2-to-1 student-to-instructor ratio. All campers master defensive maneuvers and car control skills to handle all weather conditions. At higher levels, campers learn high-performance techniques on the racetrack, in purpose-built racecars with full safety equipment and gear, that develop high-speed avoidance instincts and street confidence. For teens who thrive on competition or have trouble adhering to speed limits, Level 3 Competition School not only provides a foundation for actual racing, but also instills a respect for speed and safety. Teens who thirst for speed will use public roads unless provided an alternative; we provide a safer venue to satisfy this need, to nourish, and to educate.

LEVEL 1 INTRODUCTION TO MOTORSPORTS

COST: \$16,700	CAMP DATES: JUL 31 - AUG 4	AGE: 13+	PRE-REQUISITES: EXPERIENCE NOT REQUIRED	LICENSE NOT REQUIRED
--------------------------	--------------------------------------	--------------------	--	--------------------------------

Meant for teens with no or little driving experience, the 5-day Introduction to Motorsports Camp will teach participants the basics of driving, manual shifting, basic and advanced defensive street driving skills, and higher-performance driving techniques. Upon completion, teen participants are eligible to attend MMC's 5-Day Level 2: Performance Driving Camp.
